

School Trip

Three teachers are going on a school trip.

Using the clues find out the age of each teacher (either 27, 31 or 34) and what food (beef, fish or beans) and drink (tea, coffee or cocoa) they each take with them

CLUES

- The person who takes the cocoa and fish is younger than Robert.
- The person who takes the coffee, but not the beans is 27 years old.
- Georgia is 31 years old.
- Ellen didn't take the tea
