

# PARENTS!

**THE  
MATHS  
TEAM  
NEED**

Could you please spare a moment and answer this question as accurately (and honestly) as you can?

“Describe Maths using just **one** word.”

We appreciate some of you (like us) would happily wax lyrical about this wonderful subject but we do have to be firm and restrict you to just one word I’m afraid! We will, however, gladly accept responses from each parent!
