## A little bit of Maths EVERY DAY ..

| Monday | TUESDAY | WEDNESDAY | THURSDAY | FRIDAY | SATURDAY | SUNDAY |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | (ODED | $)^{4}=0$ |  | 1 <br> I am thinking of 4 numbers that are different factors of 60 . I add these numbers together and get a number that is greater than 20 but less than 35. <br> What were the 4 numbers I was thinking of? |  |
| Write these in order of ${ }^{3}$ size $0.74 \quad 0.7440 .704$ $0.7 \quad 0.07$ | Simplify $5 \times f \times 2 \times g$ | Solve $6 x-5=16{ }^{5}$ | Calculate $4.6 \times 10^{2}+3.2 \times 10^{3}$ | Factorise $3 x^{3} y^{4}-18 y^{2}$ | 8 <br> A machine makes 36 trophies every hour. <br> The machine makes trophies for 8 hours each day. on 5 days of the week. <br> The trophies are packed into boxes that each holds 8 trophies. How many boxes are needed for all the trophies made each week? |  |
| Write 0.000111 in standard form | Write 28 as a product of prime factors | $t$ is a whole number. Write down the largest value of $t$ that satisfies $3 t+1<\dagger+12$ | $\begin{gathered} \text { Calculate } \\ \text { 19876-6789 } \end{gathered}$ | Expand and simplify $3(t-4)-2(4 t-1)$ | Calculate $x$ |  |
| $17$ <br> Simplify $4 a^{2}+2 a^{2}-3 a^{2}+4$ | make $u$ the subject of the formula $v=u+a t$ | Emma walks for 6 hours and covers 15 miles. <br> What is her average sneed? | $20$ <br> Write 0.016 as a fraction | Which is the smallest number: $0.038 \times 10^{2} \text { or } 380 \times 10^{-3}$ |  |  |
| Expand \& simplify $(x+2)(x+4)$ | Simplify $\frac{(x+2)^{2}}{x+2}$ | Calculate: $\frac{1}{7}+\frac{3}{4}$ | The ratio of red counters to blue counters is 5:9 What fraction of the counters are red? | Work out $5.6 \times 0.24$ | Three studen Ben Connor has The total number of pencils Work out the least p | has $\times$ pencils <br> Al . <br> cils as Al. <br> ore than twice the number <br> that Al could have. |
| Work out $426 \times 17$ without a calculator | REMEMBER: The best way to revilse maths is to "do Maths"! |  |  |  |  |  |
